

MANUMED OSTEO

The Manumed Osteo treatment couch is a must-have for the therapists who want every possible comfort for his patient and himself. This treatment couch has 4 (to 7) independently adjustable sections, allowing the patient to be treated in many positions. The electrical adjustment of the flexion position comes as standard with the three different Manumed Osteo types with an all-around operation. An ideal couch for the therapist. More comfortable to perform the already heavy-duty profession. A true quality treatment couch, stable on its frame and flexible in its use!

- 4 (up to 7) independently adjustable sections, allowing an infinite number of sitting and lying positions
- Flexion and (anti-)Trendelenburg positions
- Unrivalled stability combined with adjustability
- Electric height adjustment and electric sectional adjustment as well for maximum comfort
- Completely relaxed starting position in the face-down position with separate head section (optional)
- Independently adjustable leg sections (optional)
- Padded sections with soft edges

MANUMED COLOURS

A matching Enraf-Nonius couch for every interior. As in other practices, a pleasant ambience is important in physiotherapy practices. Clients must feel comfortable in the room where they are being treated. As each practice is furnished differently and has its own colour scheme, we regard it as important for the treatment couches to fit in with your look and feel. That is why we can manufacture our treatment couches in several frame and upholstery colours. Our imitation leather upholstery contains no phthalates and is flame retardant – a unique combination that makes this material suitable for medical use!
